

Kaleidoscope 2011

Tuesday, June 7 2011 – A special event

**The Friends of Library and Archives Canada
invite you to the launch of
Re-Imagining Ukrainian-Canadians:
History, Politics, Identity**

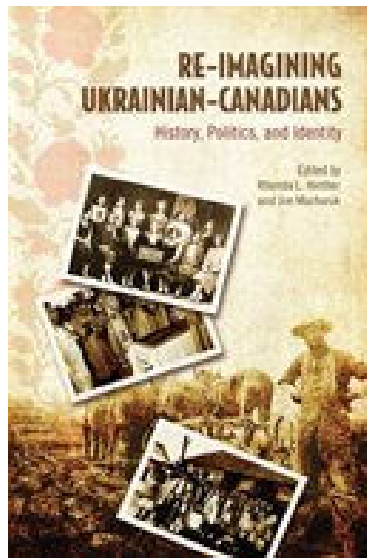

Re-Imagining Ukrainian-Canadians: History, Politics, Identity is a scholarly collection of essays. (University of Toronto Press, March 2011, Rhonda Hinchey and Jim Mochoruk eds). Six years in the making, it comprises thirteen essays from authors across Canada and one in the United States, all based on research done at Library and Archives Canada (LAC) and assisted by **Myron Momryk**, LAC historian and archivist (retired). In his retirement, Myron continues to work as an archival researcher at LAC and the Canadian Museum of Civilization.

This volume is dedicated to one of the great unsung heroes of Ukrainian-Canadian scholarship: Myron Momryk. In a career spanning four decades, Myron has been a tireless advocate for multicultural history, an archivist and scholar of Ukrainian and Canadian history, and perhaps most important, a mentor to entire generations of scholars of ethnicity in Canada. Without his efforts in acquiring, accessing, and disseminating many new and important archival collections, many of the articles in this book might never have been written.

This book launch will take place at:
